RentFlow – UI polish round 3

Before / after · dark and light · desktop 1280px and mobile 390px · branch ui/round3 · 2026-10-16

What changed

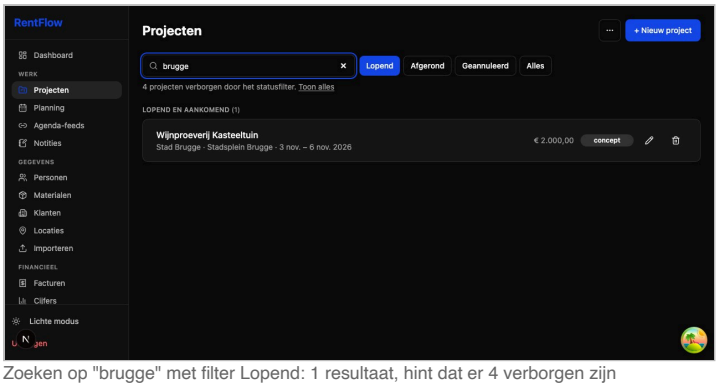

#	Item	Change
1	Export / import buttons	New `PageActionsMenu` (⋯): Exporteren, Importeren, Labels, Functies beheren live in a menu; each page shows one primary button (Scan stays visible on Materialen)
2	Leftover emoji	All pictographic emoji replaced by lucide icons via `InlineIcon` (counters, warnings, shared-stock links, notes, cost rows, planning); arrows and ✓/✕ text glyphs left as typography
3	Settings / Import	No duplicate "Instellingen" title (card is now "Bedrijf en facturatie"); card titles text-base like the rest of the app
4	Project list	Sections Lopend en aankomend / Afgerond en geannuleerd, total per project, date range, fixed-width status badge; stacks on phones
5	Invoice status colours	Soft tinted pills (red/green/blue/amber) readable in both themes instead of solid red fills
6	Mobile dashboard	The three counts share one compact row
7	Sticky first column	`.table-sticky-first` on users, facturen and the cijfers tables (below 1024px)
8	Project tab strip	Right-edge fade shows there are more tabs (below 1024px)
+	**New: project search and status filter**	Search over name, client, location, status, notes (all words must match); chips Lopend (default: concept/bevestigd/actief) · Afgerond · Geannuleerd · Alles; hint with "Toon alles" when a search has matches hidden by the filter. Pure function `filterProjects` with 6 unit tests
+	Fixes found on the way	React "uncontrolled → controlled input" warning on Settings (the dev "1 Issue" badge); project overview period rows wrap on phones

Checks

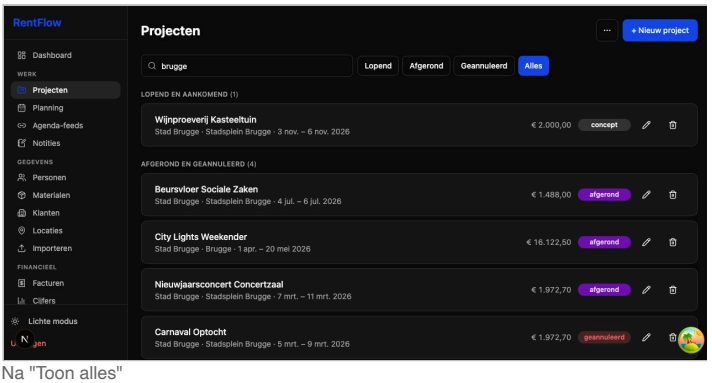

tsc clean · eslint clean · vitest 978 passed (+6) · responsive audit 21 routes × 7 widths: 0 pages scroll sideways, 0 elements off-screen, no sidebar scrollbar.

Project search and filter (new)

Dark

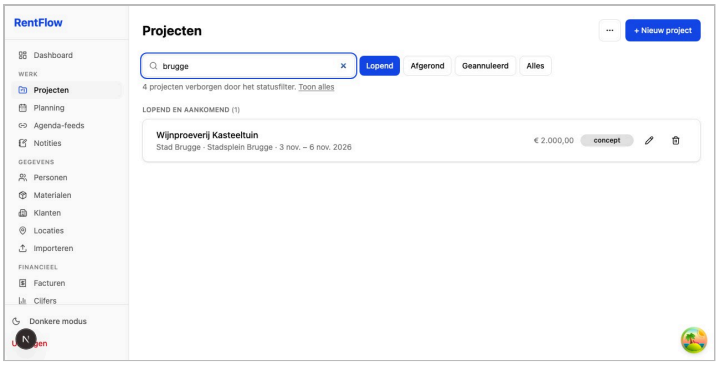

Zoeken op "brugge" met filter Lopend: 1 resultaat, hint dat er 4 verborgen zijn

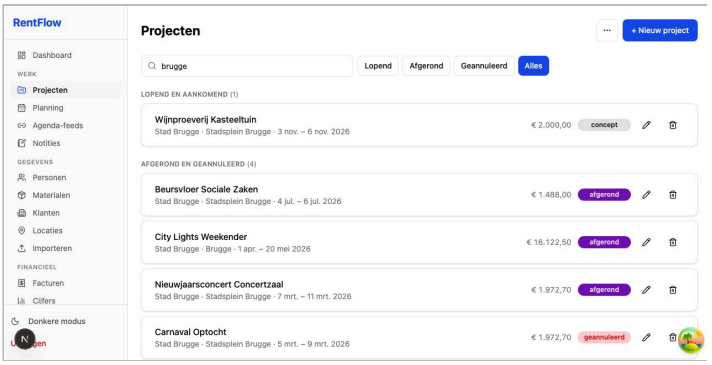

Na "Toon alles"

Light

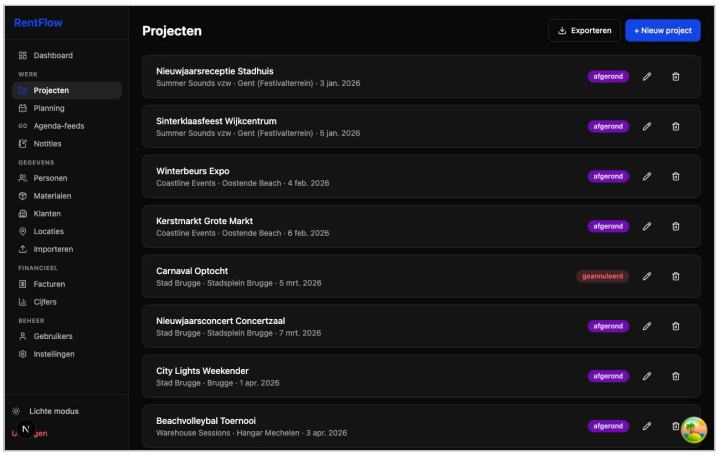

Zoeken op "brugge" met filter Lopend: 1 resultaat, hint dat er 4 verborgen zijn

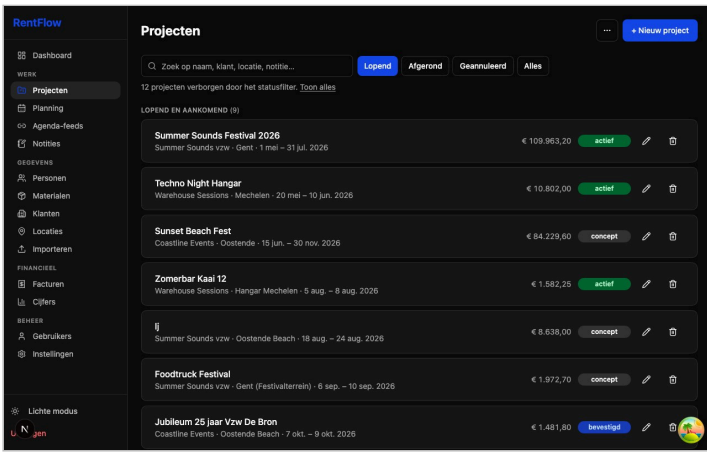

Na "Toon alles"
